## Supplies & Tools

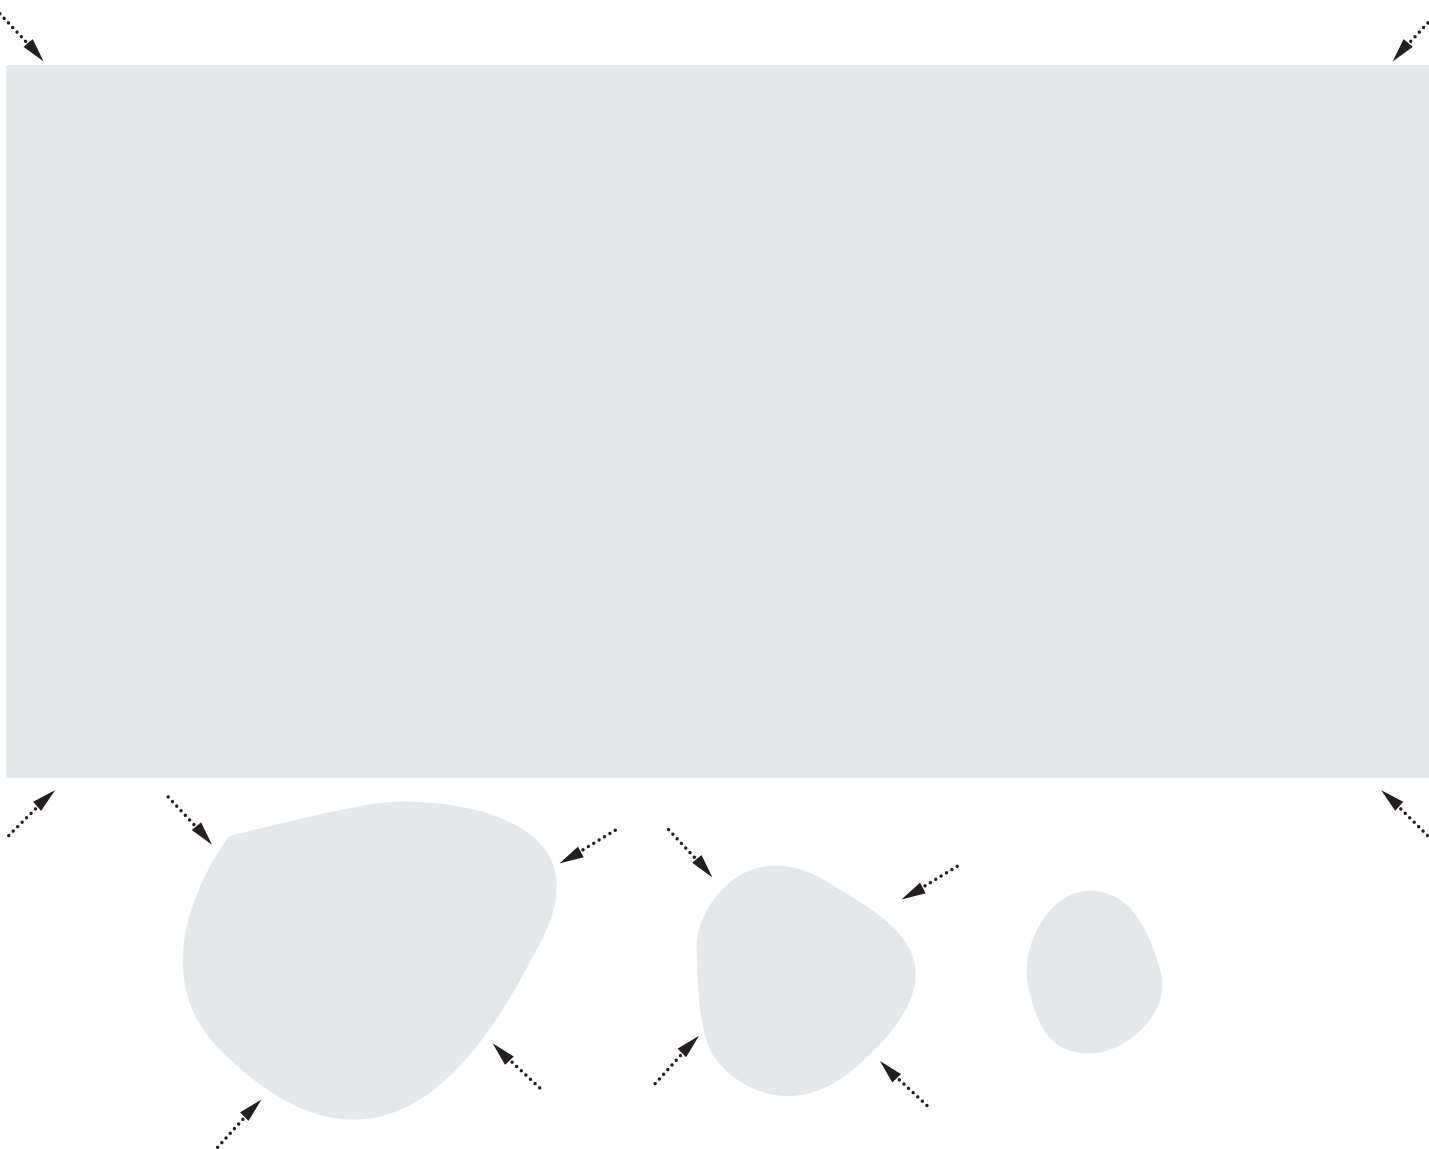

### Supplies

Crochet thread, cream  
Dacron, white, 10x20cm  
Nylon thread, transparent Ø0.25mm, 3 m  
Nylon thread, transparent Ø0.15mm, 1 m  
1x Ring with disk, silver

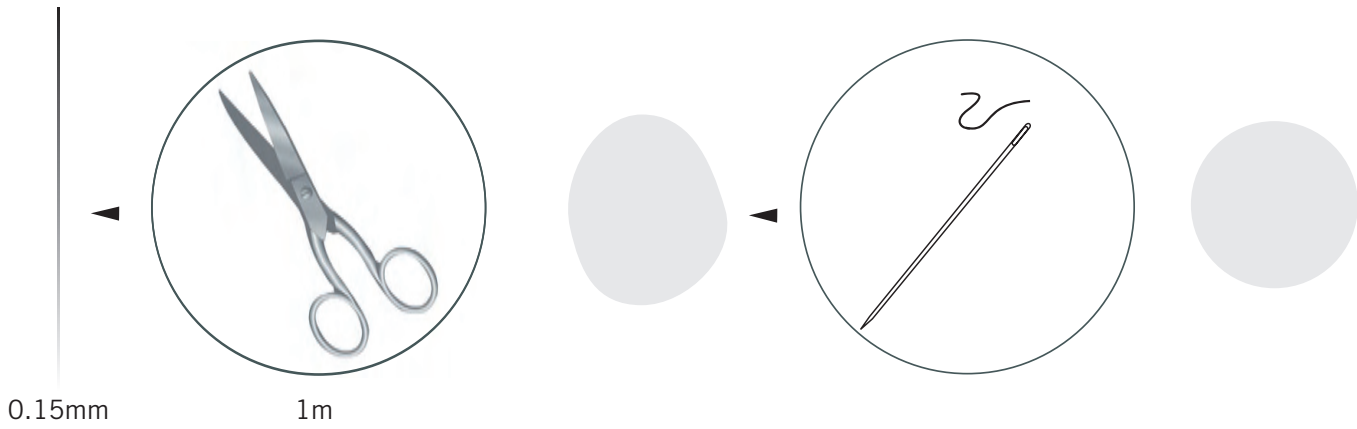

### Tools

Crochet needle, Size 2  
Darning needle  
Scissors  
Sewing needle

STEP 1: Use a piece of Dacron to form a ball like structure.

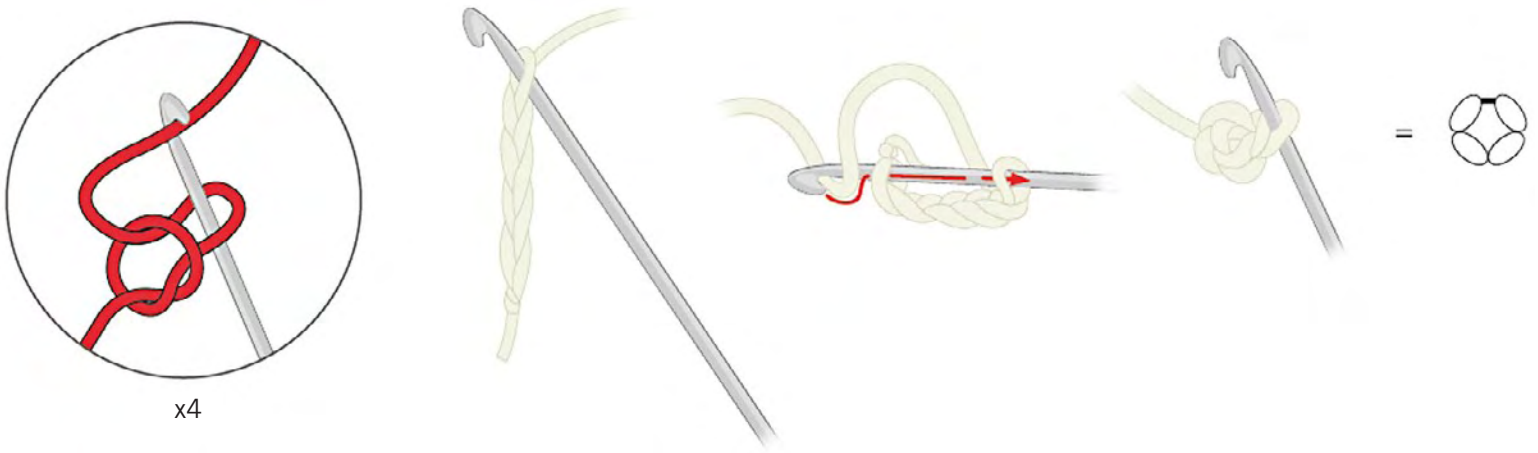

STEP 2: Cut 1m of 0.15mm nylon thread and sew the ball together.

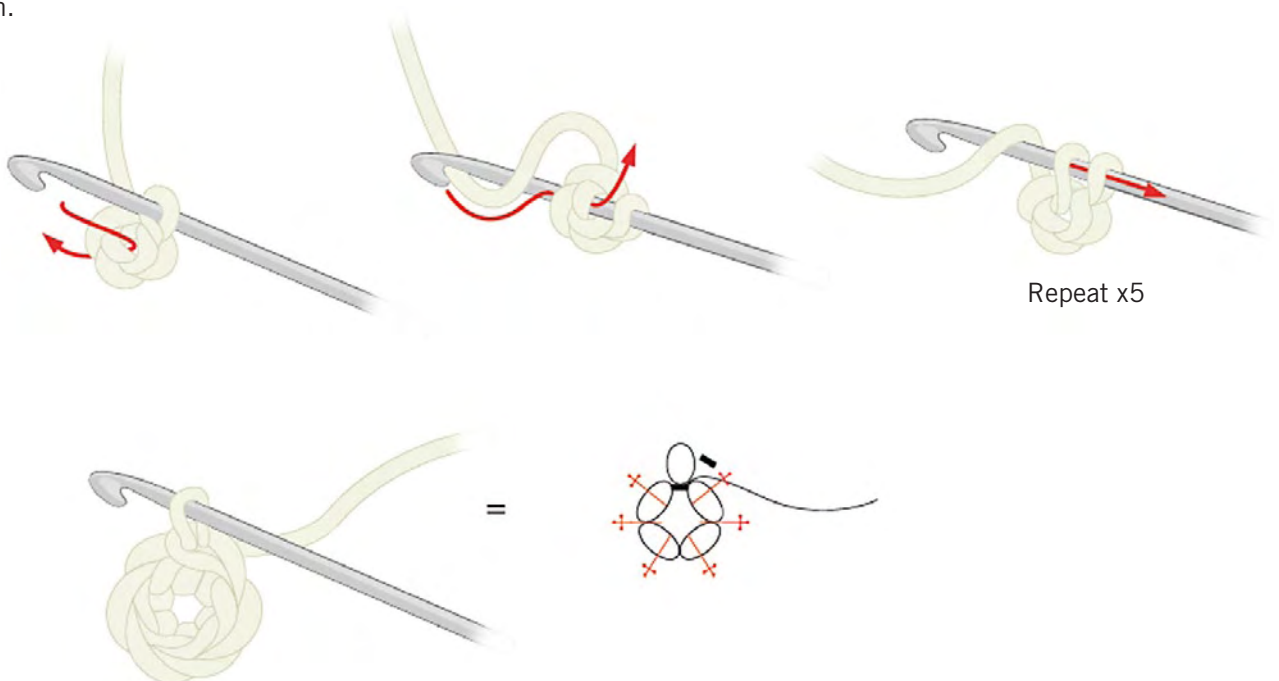

STEP 3: Follow the symbols in the legend of the instructions for different stitches and crochet.

Make a slip knot and place it on the crochet hook.  
Place yarn over hook and slide through the loop on the hook.  
Repeat the step until you have a total of four stitches.  
Stitch into first chain and place yarn over hook.  
Slide through to get a ring.

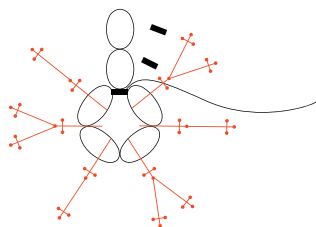

Symbol	Stitch
-	Slip stitch
o	Chain stitch
†	Crochet

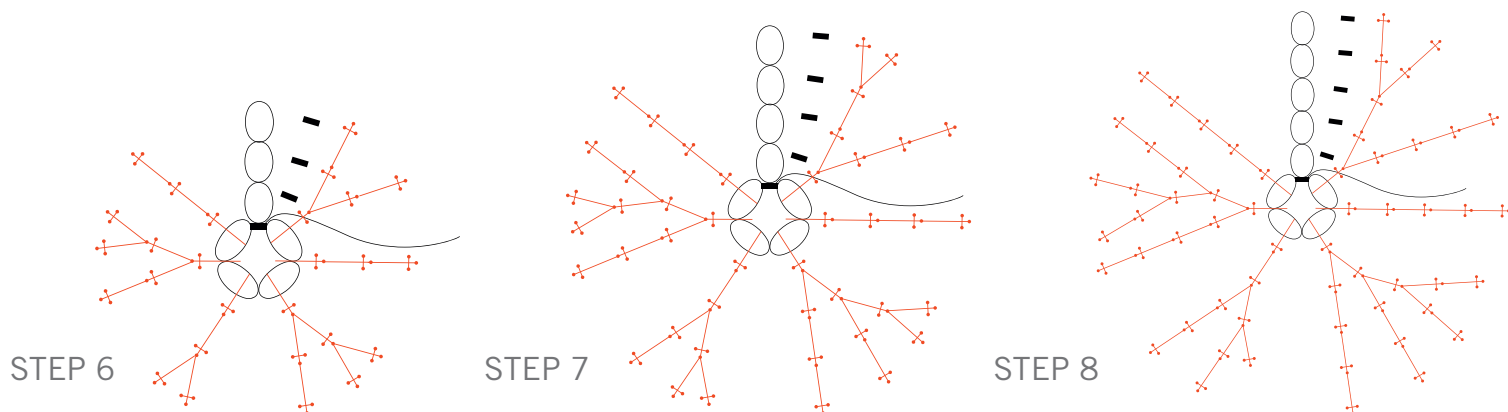

STEP 4: The second row would constitute one chain stitch, six simple stitches into the crochet ring and then close the ring with a chain stitch.

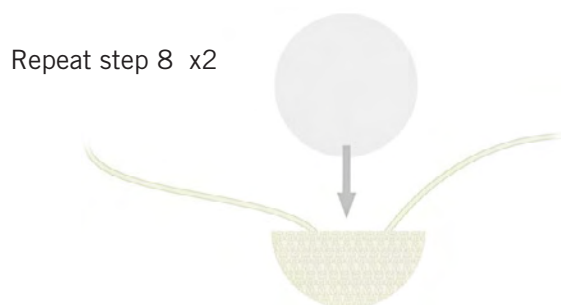

STEP 5: Do one chain stitch, one crochet, then two crochets again. Keep on alternating them and close it with one chain stitch.

STEPS 6-8: Continue to follow the pattern as shown in the illustrations.

STEP 9: Repeat step 8 two more times to get a crocheted semi circle. Inset the Dacron ball into it.

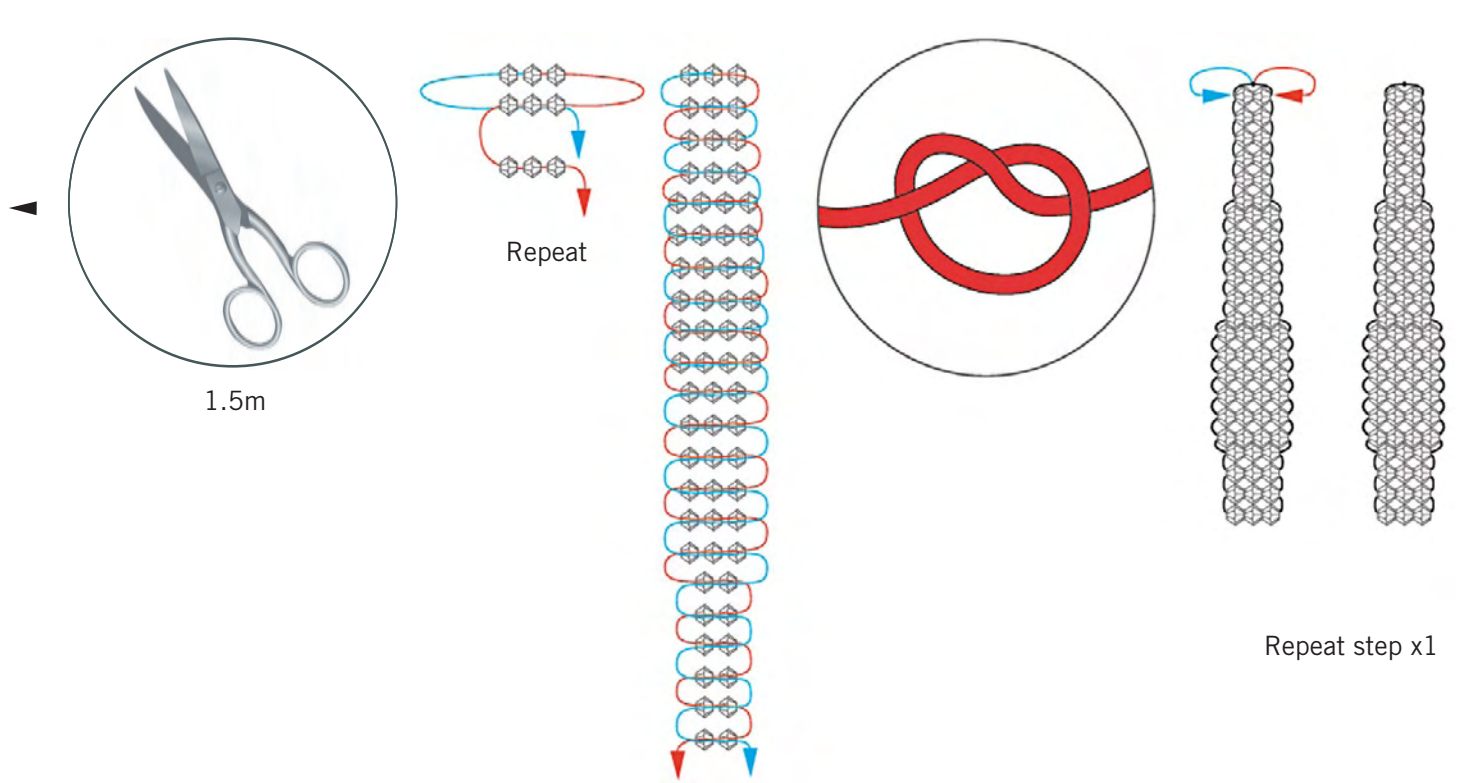

STEP 10: Repeat steps 7, 6, 5 and 4 to close the circle as shown.

STEP 11: Put the disc of the ring into the crochet ball and pull straight. Attach the crochet ball to the ring with the ends of yarn.

STEP 12: Cut 1.5m of 0.25mm nylon thread. Using the pattern shown in the illustration and 33 SWAROVSKI ELEMENTS Beads article 5328, 2.5mm Crystal to create one "bunny ear". Tie a knot with both ends of the nylon thread to secure. Repeat this step once more for the other ear.

STEP 13: Attach the two beaded shapes from step 12 onto the crochet circle with nylon thread and several backstitches to form the ears of the bunny. Attach the SWAROVSKI ELEMENTS Bead article 5328, 4mm Light Grey Opal onto the crocheted bunny to form his nose.
