## CREATE YOUR STYLE with SWAROVSKI ELEMENTS Design Project

### Summer Holidays Chain Mail Pendant

- STEP 1: Open all 6 of the 8mm jump rings with flat nose pliers. Attach four 12mm closed jump rings to two of the 8mm open rings as shown in illustration. Close the small rings. Arrange your rings into three pairs of two.
- STEP 2: Attach the waxed cord to one end of the jump rings (as shown in the illustration).
- STEP 3: Fold the two 12mm rings that are not attached to the cord back, away from each other. Slide the two small rings – which are now on top – fully to each side. Pull the inside part of the 12mm jump rings to the top with tweezers (see 5th and 6th picture in illustration).
- STEP 4: Place two open 8mm jump rings around the 12mm jump rings and close them.
- STEP 5: Open two 12mm jump rings and add them to the small ones added in the last step. Repeat step 3 with the two 12mm and two 8mm jump rings on top (result is shown in the illustration).
- STEP 6: Open the 18mm jump ring and hang it into the Swarovski Pendant article 6904 45mm in Crystal Silver Shade.
- STEP 7: Slide the 18mm jump ring with the Swarovski Pendant between the two 12mm jump rings as shown in the illustration. Take the last two open 8mm jump rings and close one on the left side of both the 12mm and the 18mm jump rings and one on the right side of both the 12mm and 18mm jump rings.
