CREATE YOUR STYLE with SWAROVSKI ELEMENTS Design Project

Valentine's Day Greeting Card & Brooch "Sparkling Heart"

- STEP 1: Print and cut out the pattern in the illustration in this step to the size stated.
- STEP 2: Cut two square 8x8cm leather pieces. Glue the insides of both pieces together so the outside of the leather shows on both sides. Press them down with a book until the glue is dry.
- STEP 3: Attach double sided tape onto the pattern from step 1, stick it onto the leather piece and cut it out.
- STEP 4: Remove the pattern from the leather and using tweezers apply SWAROVSKI ELEMENTS onto it in a random pattern.
- STEP 5: Glue the pin onto the backside of the heart as shown in the illustration.
- STEP 6: Print out the text on yellow transparent paper as shown in the illustration in this step. Be careful that the measurements are exactly the same. Fold it in half.
- STEP 7: Pierce though the holes marked on the paper using a needle.
- STEP 8: To get stability place a piece of cardboard into the paper as shown and attach the pin on the back of the heart into the pierced holes.
