## CREATE YOUR STYLE with SWAROVSKI ELEMENTS Design Project

### Christmas Candle Holder “Stars”

- STEP 1: Cut 10cm of silver wire (0.8mm) and form spirals using round nose pliers (approx. 7mm in length). Cut the spirals to get 7 jump rings as illustrated.
- STEP 2: Cut two 8 mm pieces of chain and one 20mm piece and attach them with two jump rings. Attach one jump ring to the end of the 8mm piece. Cut one 54 cm piece of chain and attach it to with another 4 mm jump ring as shown in the illustrations in this step.
- STEP 3: Cut a 2cm, a 3cm and a 6cm chain. Attach a 7mm jump ring and a Swarovski Pendant art. 6714 20mm Crystal onto one end of the 2cm long chain. Similarly attach a Swarovski Pendant art. 6714 28mm Crystal AB and a Pendant art. 6714 20mm Crystal AB to the 3cm and 6cm chains respectively.
- STEP 4: Open the first three jump rings in the chain created in step 2 and attach the chains with the crystals as shown in the illustrations.
- STEP 5: Open a 4 mm jump ring as marked half red in the illustrations which would also help in attaching the other two jump rings marked with arrow heads around the candle stand. Place the chain around the candle stand and insert the open jump ring through the two closed jump rings and close. Cut off excess using side cutters.
